**District Mineral Foundation
Keonjhar, Odisha**

Message from Collector cum Chairman & Managing Trustee - District Mineral Foundation, Keonjhar

Keonjhar (Kendujhar) district is endowed with rich mineral deposits and occupies a prominent place in the mineral resource map of Odisha. With huge reserves of high-grade iron ore and manganese, the district fulfils the domestic and overseas demand for minerals. While the district's mining sector contributes significantly to the state economy, there exists a discrepancy between the natural abundance of minerals found in the district and a corresponding development of the local communities. It is in this context that the provision of District Mineral Foundation (DMF) opens a window of opportunity to uplift the socio-economic status of mining-affected communities.

District Mineral Foundation Trust, Keonjhar has dedicated itself towards this mission. Over the past 2 years, we have allocated significant amount of funds accrued under DMF towards key sectors such as health, infrastructure, water supply, education, skill development, irrigation among others. We have also implemented a number of new initiatives such as the establishment of Digital Dispensaries to improve primary health service delivery in remote areas, set up of Maternity Waiting Homes for ensuring institutional delivery, engagement of Super Specialist doctors in the District Headquarter Hospital, extension of OMFED's milk route to tribal areas, enhancement of livelihood of tribal women through value addition in tasar silk production, etc. We have also developed a dedicated website 'www.dmfkeonjhar.in' to share the latest information related to DMF with the citizens and also receive suggestions and feedbacks.

We will continue to drive these development efforts, explore innovative ideas as well as identify opportunities for convergence with other schemes/programs to amplify the impact of the DMF. We will also actively engage with mining affected communities, civil society and people's representatives in order to design and take up contextualized and need appropriate initiatives. Towards this end, we have also appointed M/s Ernst and Young LLP, a multinational management consulting firm to establish and manage a dedicated Planning and Monitoring Unit (PMU). This is expected to increase the delivery efficiency and enhance the impact of the various development initiatives undertaken by the DMF. I firmly believe that these efforts will go a long way towards a healthy and prosperous future for those affected by mining.

The Board of Trustees and I, consider the opportunity to serve the people of Keonjhar as a privilege. We have made every effort to ensure that the funds accumulated are managed and utilized as per the applicable rules and guidelines from the Central and State governments. This report also includes an audited statement of accounts along with the details of the contributions and activities undertaken by the DMF.

I want to take this opportunity to thank various state government Departments as well as the members of the Board of Trustees without whose guidance and dedication many of these initiatives wouldn't have been possible.

On behalf of the Board of Trustees, I welcome you to peruse this report and engage with us for building a better future for the residents of Keonjhar.

Collector cum Chairman & Managing Trustee,
District Mineral Foundation, Keonjhar

Board of Trustees have committed to sustain their efforts towards development initiatives in key sectors such as drinking water, healthcare, skill development/livelihood, sanitation and women/child development. These will be supported by infrastructure related project related to construction of relevant buildings, roads, etc.

We will leverage the extensive support extended by the State Government (such as appointment of nodal officers in key state departments and issuance of guidelines for submission of programs) as well as work closely with Planning and Convergence department to identify areas where complementing an existing government scheme with DMFT's resources may amplify the impact of the scheme significantly.

In compliance to the proceeding of the last Trust Board meeting, PD, DRDA informed that in the last Trust Board meeting it was decided to move Government to waive the 10% departmental charges added to the plan and estimates by the Executing Agencies. This matter is to be brought to the notice of the Government shortly for their consideration. Accordingly, 10% of the project cost charged by Executing Agencies is to be reduced those who have added 10% in their plan and estimates in case Government allows the request.

Collector and Chairperson impressed upon the Executing Agencies for early execution of DMF projects which are already sanctioned and to complete the same as per the time duration of the estimate.

Executive Engineer, RWS&S, Keonjhar mentioned that he has already placed orders for procurement of materials and some drinking water projects can be completed by the end of November, 2016 for use.

Collector and Chairperson requested the Executing Agencies to follow up the plan and estimates submitted to higher quarters for technical sanction of the competent authority so that execution of the works can commence at the earliest.

Collector and Chairperson of the Trust Board indicated that Government in Commerce & Transport Department has requested to implement a proposal relating to Driving Training Centre at Keonjhar which has been finalized to be established at village Ranki adjacent to Keonjhar town.
